# Orthotic TRADE-IN Special

## Trade-In Old Orthotics

For a limited time only all patients with custom orthotics purchased from one of our offices can trade-in their old pair and receive a \$75 credit towards a brand new custom pair of orthotics. Our 3D scanner will take a precise image of your foot and create for you the perfect orthotics using the latest technology. The 3D scanner takes minutes to use and it doesn't use plaster or foam so there is no more mess. All patients must make an appointment to see the doctor to get a correct fitting of their new orthotics.

# \$75 off

each trade-in pair of custom orthotics bought at CFFA.

## Get a 2nd Pair of Orthotics

We are offering another special for patients looking to trade-in their older orthotics for a new pair but also want to get a 2<sup>nd</sup> pair for dress shoes or tennis shoes. We are offering an additional \$75 off the 2<sup>nd</sup> pair of orthotics purchased at the same time. Many patients purchase a pair for their dress or casual shoes and a 2<sup>nd</sup> pair for their tennis shoes. Patients that take advantage of this limited time offer will receive \$150 off 2 pairs of custom orthotics. Both specials expire May 31st, 2018.

Cannot be combined with any other offer.

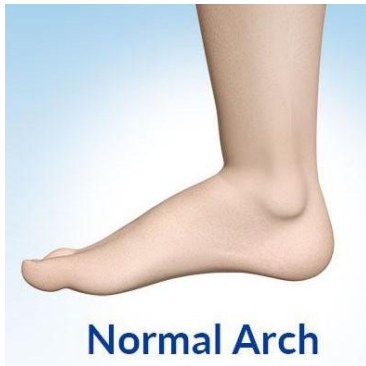

# \$150 off

2 pairs of custom orthotics bought at the same time.

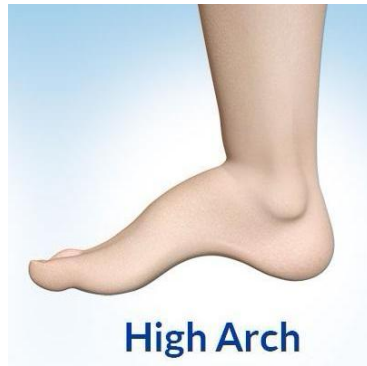

The most functional and  
effective custom  
medical orthotics on the  
market.
